# Smartpoint 全新版面设计-智能化的网上预订平台

The screenshot displays the Travelport Smartpoint web interface. At the top, there is a navigation bar with tabs for RESERVATIONS, WORLD FILES, FARES & PRICING, DOCUMENTATION, INFORMATION, SMART TOOLS, and SETTINGS. Below this is a search bar and a list of reservation options from 1 Res to 10 Res. The main content area is divided into two sections: a large dark grey area on the left and a smaller area on the right. The right section contains a PNR Viewer, Smart Panel, and History tabs, with a list of codes (\*AD, \*G, \*PD, \*PP, \*PI, XI) displayed. Below this is a calendar view for October and November 2013, with the 25th of October highlighted. At the bottom, there are promotional banners for Dollar car rental and a travel package. The footer shows system status information like 'AVAIL', 'OVR', 'No Scripts Running', 'United Kingdom', 'Oct 25', and '11:17 AM'.
